Hi Alice,

Thank you for flagging this, and I sincerely apologize for ERG's typo. It looks like a transcription error on our part. The subcontractor's report to ERG says "Follow[ed] up from May CAG meeting; coordinate[d] cancellation of July meeting" in describing activities that took place during June.

This affects two of ERG's progress reports. I've attached corrected versions of both of them. You'll see the corrected statement in Section 3 of the Period 6 (June) progress report and Section 2B of the Period 7 (July) progress report.

Chris

CAUTION: Don't open links or attachments unless you recognize the sender and know they are safe.

The July progress report shows lagging costs from the previous June reporting period (2B). Included in those lagging costs is the following activity: "Facilitated and followed up from the June CAG meeting." Since there was no June CAG meeting, would you double check on activities reported and either re-submit the progress report or explain the item?

I assume it was just a typo, but given the number of FOIA requests and other scrutiny this project gets, it would be better to have an accurate report.

Thanks.

Hello Alice,

I'm pleased to provide ERG's monthly progress report for Task Order #10, Passaic CAG. The attached progress report covers the period from July 3 to July 30, 2021 which is the period that corresponds to ERG's "reporting month" for July.

I've also attached a copy of ERG's invoice for this TO. Note that the attached invoice is just provided for your reference. In parallel, we have submitted this invoice to EPA's finance system. You will be contacted by that system to officially approve ERG's invoice—or report any issues if you cannot approve.

Don't hesitate to be in touch if you have any questions.
